Rudd Estate Winery Tour and Tasting

Rudd Estate stands out as an exceptional place with unmatched terroir uniquely situated within Napa Valley with a geologic backbone of volcanic rock weathered into core stone bedrock and alluvial sediments creating iron-rich, well-drained soil ideal for growing grapes. Our vineyards are farmed organically by our own full-time team. Having our own team enables some of the most significant winemaking actions of the year to be made in a focused, adaptive, and timely manner. Most importantly, this control over the vineyards allows us to learn from the cycles of each season and alter our techniques to bring out the unique potential of the Estate's land.

Step inside and visitors discover our glasshouse library displaying library vintages dating back to the 1970s, American oak barrel chai and history gallery. The winery is wrapped in hand-quarried limestone with a chipped face reclaimed from an 1800s flour mill in Coffeyville, Kansas.
